

Your Grocer will deliver

**Bevo**  
A BEVERAGE

You've enjoyed it at restaurants and other places—now you want your family and your guests to join you in the same pleasure.

That's one of the joys of serving Bevo—to hear your guests say how good it is—then to listen to their arguments as to just what it is. If they haven't seen the bottle they'll all agree that it is something else—if they have seen the bottle each will have a different explanation for its goodness.

Bevo is nutritive—pure through pasteurization and sterilization—non-intoxicating, wholesome and thoroughly refreshing.

Note—Bevo should be served cold.

Get Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes—have the bottle opened in front of you.

#### Cost of Boarding Help

It costs \$128 per year to board a hired hand, according to estimates furnished to the Department of Agriculture by 1,000 farmers representing widely separated sections in 14 States. It was found that the total annual cost per person of board for hired help varied from \$104 in Vermont and Pennsylvania to \$162 in New Jersey and that the percentage of this cost paid out in cash varied from 15 per cent in North Carolina to 49 per cent in California. This percentage is about one third in the eastern section studied, about one fourth in the corn-belt States, and still less in the Southern States. The total of hired help boarded varies considerably with variations in farming conditions. For example, among the families visited in New Jersey, hired help averaged 0.6 of a person per family in Maine 0.4, in North Dakota, 1.1 and in California 0.8. In other words in N. J. the average family boarded one man for 7 months, Maine one man for 5 months, in North Dakota one man 13 months, and California one man for 4 months.

#### Rubber Tires

Some soothing balm the soul requires, when one must fuss with rubber tires. I am a highly moral man; I guard my tongue the best I can; and if, perchance, I cuss a streak, remorse lambasts me for a week. A model I would gladly be, to growing youth and infancy, and ere I got a motor car, my fame for virtue traveled far. But often now I may be seen, all bathed in sweat and gasoline, and spotted o'er with rancid grease, dispensing words that break the peace. I Jack my car up with my lyre, and try to patch a busted tire, and while I labor in the ditch, I'm laughed at by the idle rich, who whiz along in pomp and state, and jeer the more unlucky skate. And as I toil with wrench and crank, I keep on saying, "Blin-ky blank," and children toddling on their way give ear to smoky things I say, and as they leave, on learning bent, they whisper, "What a sinful gent!"

#### A \$15,000 Jersey Bull Dies

Queen's Raleigh, the \$15,000 Jersey herd bull at Longview Farm, is dead of pneumonia. It took ill two months ago. He was one of the highest priced Jersey bulls in the United States. Golden Fern's Noble, the international grand champion Jersey bull, was purchased for \$25,000 on the Jersey Isle several months ago and brought to the United States. Prior to that time the Longview Farm herd bull was the highest priced bull in the United States of that breed.

R. A. Long recently purchased from the Jersey sale of Mr. and Mrs. F. J. Bannister their show bull, Flora's Queen Raleigh, a 2-year old bull, which was first in his class in all the shows this year including the National Dairy Show in Springfield, Mass. That bull now will head the Longview Farm herd which is expected to be best in the United States at the big shows next year.—K. C. Star.

#### Soy Bean Promising Crop

Notable progress has been made in bringing about the commercial utilization of soy-bean seed for the manufacture of oil, meal, and various more or less complex products, according to the annual report of the Chief of the Bureau of Plant Industry. The soy-bean, the report states, is well adapted to the whole corn region. In the cotton belt it promises to be an important element wherever the acreage of cotton has been reduced. The immature bean seeds make a very delicious vegetable and are canned with ease. Inasmuch as soy beans can be more cheaply produced than any other bean seed, it is believed that there is a large field for the canning of green soy beans. Efforts are now being made to induce canning factories to put the product on the market. In the growing of the soy bean and in manufacturing products there from the United States can successfully compete with the Orient.

#### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

B. F. Bills and Wm. Veal of Mike delivered hogs here Monday. Mrs. Bills visited Mrs. Lambert while B. F. came on to town. Mrs. Bills sold \$96.12 worth of turkeys and has 7 good turkeys left for a starter next spring.

#### ARE YOU? GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer.

"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality."

The farmer looked at the merchant a moment and then said: "Why don't you patronize your home paper and advertise? I read it and didn't know that you had the stuff I have here."
